

FALL HOME MAINTENANCE TIPS

Football games, harvested fields and lower temperatures... you know what that means. Fall! Here are a few simple maintenance tips to help get your home ready for the colder weather.

- Declutter your gutters.
- Replace your furnace filter.
- Add insulation to prevent heat loss.
- Seal around windows and doors.
- Trim trees and shrubs near your home.
- Turn off outdoor water faucets.
- Get those shovels and snow blowers ready!

WE DON'T SLEEP SOUNDLY UNTIL YOU DO

Who needs Life Insurance?

Death is an inevitable part of life, though of course, we don't like to focus on it. As painful as it is to consider that you won't always be here to take care of your family, we do offer a remedy to help your loved ones and pay your final expenses: Life Insurance. September is life insurance awareness month. The time to think about life insurance is when you're healthy and dying is something in the distant future. Simply put, the earlier you set up your life insurance policy, the more affordable and obtainable it will be. Most people carry insurance to protect "things" like their homes, autos, personal property and toys. Often, they don't think about what is most valuable: their life and the lives of their loved ones. About 40% of households don't carry any life insurance. Yet one in three households say they would have problems paying living expenses without the main bread winner's income. The loss of that income could devastate the entire family. Don't delay any longer. **Call Cindy today to review your life insurance needs.**

INSURANCE HUMOR

Life insurance agent to would-be client:

"Don't let me frighten you into a hasty decision. Sleep on it tonight. If you wake in the morning, give me a call then and let me know." (From JustWowFunnyJokes.com)

TESTIMONIAL

"Buska & Buska Insurance has been great to work with over the years. Cindy has helped us with both our home and auto insurance. She always responds in a timely manner and we know she will always be there to help if we encounter any issues. She has taken the stress off us by researching multiple policies to ensure we are getting the most coverage with the best rates." ~Amanda and Korey Sahr

Trail riding is growing in popularity and people are putting a lot of money into new UTVs and ATVs. Some of the newer decked out models can exceed \$30,000. It's not only the value of these toys that makes proper insurance coverage important - it is also protection from liability claims that can arise from injuries. **Progressive Insurance offers a superior policy for UTVs and ATVs** with coverages such as total loss coverage, trip interruption, carried contents and accessory coverage, enhanced injury protection, OEM parts guarantee and so much more! **Call us for a quote** or if you're interested in learning more.

Keep in mind that most companies exclude UTV/ATVs from automatic coverage on your homeowner policy.
